DRIVER SURVEY: SCHOOL ONLY

BRC 1705, May 1999

→ Good morning/afternoon/evening, I'm from National Research Bureau, the research company. We're conducting research about driving and different options for transporting children to and from school. It's for the Foundation for Research, Science and Technology. Could I speak to anyone living here who in the past week drove primary or intermediate school children to school and then returned home.

IF NEEDED

- No, secondary school doesn't count (unless your children go to Form 1 or 2 there).
- Yes, it still counts if you went shopping etc before returning home, as long you did NOT drive to work nor to an educational institution that you attend.

IF NO-ONE: THANK & TERMINATE. RECORD NQ ON CALLSHEET.

IF YES: Did you do this at least twice on weekdays, Monday to Friday?

IF YES: Great. I need to interview drivers about different options for children travelling to school. The interview takes about 25 minutes.

IF NO: Is there anyone else in the house who did this?

IF NO/UNSURE: TERMINATE. RECORD NQ

IF YES: REINTRODUCE AS NECESSARY

IF NO-ONE: THANK & TERMINATE. RECORD NQ ON CALLSHEET.

IF PERSON NOT AVAILABLE, ASK:

When would be a good time for me to call back to speak to him/her?

TAKE NAME AND BEST TIME TO CONTACT; WRITE THAT IN CALLSHEET

START TIME: _____

BACKGROUND INFORMATION ONLY IF NEEDED:

- This is genuine market research. I'm not selling anything.
- Information provided is confidential. We report summary results about groups; we do not identify which individuals have said what.
